## Hawaiian Fun At The Cady Luau

Warm weather and good comaraderie prevailed at the Cadys' for this year's Fall Luau on September 19.

Tasty pot luck offerings were enjoyed as well as a mildly devious Hawaiian theme trivia contest conducted by Susan Cady.

Sample: what did Jack Lord as McGarrett always say after a crime was solved on *Hawaii Five-O*?

Answer: "Book'em Dano!"

Attending were Ken and JoAnn Borg, J and Kay Jennings, Duane and LeAnn Allred, John and Liz Green, Jim and Hermione Klekas, Dave and Debi Hobson, Rolf and Helga Bremer, Linda Gardner and new husband Olly Smith, Mike and Susan Cady, Mike and Amanda Powers, Susan's granddaughter Cassie Lusk, and your Obedient Scribe Gary Lindstrom.

## Fall Colour Tour Courtesy Of Our BMCU Friends

—Gary Lindstrom

I have heard several WMJR members say they really enjoyed our Spring driving event to Eureka and the Tintic Mining District.

So it seems to me we need a Fall event as well, and Lo! Our friends at the British Motor Club of Utah have come to the rescue with an invitation to all WMJR members.

Roger and Jill Davis will be leading a drive up Wolf Creek Pass on Saturday October 10. Here is Roger's description:

"We'll meet at our usual place at the Hogle Zoo at 9am for a 9:30am departure, up Emigration

Canyon. The route will take us on a short stretch of I-80 to Exit 146 and the Sinclair station at Silver Creek Jct., to meet up with others and a Drain & Gain.

"The route will take US-40 to Exit 4, U-248, through scenic Brown's Canyon. At the "T" intersection with U-32, we will turn R\right and travel through Peoa, Oakley, Kamas, and on to Francis. At the stop sign in Francis we'll turn left (East) and continue on U-35 up to the Wolf Creek Summit (9480') where parking will be off the road in a small area, with overflow on the shoulder of the road as we've

done in the past. Unfortunately, the gate to the larger parking area is already padlocked and not accessible to vehicles. As you'll recall, it is just a short walk to the tables in this area.

"After eating, members can continue east to Hanna and Tabiona, where they may turn around, retracing the route or turn right on U-208 and hook up with US-40 and back to Heber. Of course, retracing the route from the summit lunch area will make for a shorter route, time wise. There you have it. If you have any other suggestions, comments, etc. shoot me an email or text. - **Roger Davis**"

## New James Bond Movie 'Spectre' Destroyed Estimated \$36 Million In Cars

[You try "Bond-ing" on a budget!](#)

Associate Entertainment Editor, *The Huffington Post*

When the new James Bond movie "Spectre" comes out later this year, there's one thing audiences won't see: the millions of dollars of damaged cars left over from filming.

According to a Daily Mail interview with chief stunt coordinator Gary Powell, the new Bond film caused an estimated \$36 million in car damage alone.

"We set the record for smashing up cars on 'Spectre,'" said Powell. "In Rome, we wrecked millions of pounds' worth. They were going into the Vatican at top speeds of 110 mph. We shot one entire night for four seconds of film."

The Mail goes on to say that seven of the new Aston Martin DB10 sports cars, which were specifically designed for "Spectre," were totally destroyed in filming. Ten of the custom DB10s, which were a collaboration between Aston Martin design director Marek Reichman and "Spectre" director Sam Mendes, were made for this particular Bond movie.

Just for reference, this is Bond's new ride.

And below are just a few incidents in the Bond preview where some of the cars are totally destroyed:

Something else that was damaged in the latest Bond movie? Daniel Craig, aka James Bond himself.

own favorite libation. There may be a few games appropriate for the season, but that's being left as a surprise.

It should be great fun as always, so *Be There or You'll Turn Into A Pumpkin!*

Please RSVP to Kay Jennings (801-274-2671) or Susan Cady (801-731-1599), indicating what dish you plan to bring.

If you don't, you'll probably get a nagging reminder phone call!

### Cars Destroyed Making Spectre — *cont'd from [p. 4](#)*

Craig ended up having arthroscopic knee surgery after filming scenes for "Spectre" in Mexico. Unlike most of the cars, Craig appears to have fully recovered.

Be sure to check out "Spectre" when it hits U.S. theaters on Nov. 6, 2015.
